

How can I use the Free Towards Maturity Benchmark Resources to improve my TMI score? (Basic User) - 1

- Once you have completed a Towards Maturity Benchmark , your personalised report will provide you with a unique [Towards Maturity Index](#) (TMI).
- The TMI provides a benchmark measurement of how well you have implemented your learning technologies across 6 work streams of good practice. Improving your TMI will help you improve take-up, efficiency benefits and business agility
- These work steams are further broken down into 19 activity areas. See the [Towards Maturity Model](#) for details.
- Your benchmark report will provide details of the works streams within this model that you need to concentrate on to improve your score.

Find out your TMI by logging onto the Towards Maturity Benchmark Centre at www.towardsmaturity.org/mybenchmark

Complete your review and then generate a report.

The resources area on the benchmark centre has ideas to help you address areas for improvement. These can be filtered by type, including:

- Case studies - providing lessons learned from other organisations
- Top tips and how to guides
- Useful links to sites and white papers

The screenshot shows the 'Towards Maturity Benchmark Centre BETA' website. The navigation bar includes 'Home', 'About', 'My benchmark', 'Resources' (circled in red), and 'Contact us'. The user is signed in as 'Lau Towards Maturity' and can click to 'Change your profile and password'. The 'Resources' section has a search bar and a filter menu. The filter menu is open, showing options: 'Type' (circled in red), 'How to guide', 'Employer story', 'Top tips', 'Research', 'Template', 'White paper', 'Interview', 'Presentation', 'Workshops/Coaching', 'Extra', and 'Podcast'. Below the filter menu, there is a 'and Topic:' section with a link to 'Implementation areas'. The main content area displays a table of resources:

Resources can also be filtered by Implementation area , allowing you to bring up the resources relating to each of the 19 areas in the Towards Maturity Model.

To improve your TMI, look at the resources in the activity areas where you are weakest and use them to plan your next action steps.

Premium users have access to additional resources, including sector reports. They are also automatically pointed to relevant resources which they can then bookmark in their online action plan.
