

# What is the TM benchmark centre?

The screenshot shows the user interface of the Towards Maturity Benchmark Centre. At the top, there is a navigation bar with links for Home, About, My benchmark, Resources, and Contact us. The main header area includes the logo for 'TOWARDS MATURITY Benchmark Centre BETA' and a user profile section for 'Lesley Test', a Premium User, with options to change profile/password and a Logout button.

The main content area is titled 'Sign in to the Benchmark Centre' and contains a sign-in prompt for signed-in users, a 'Logout' button, and links for 'Change your profile and password', 'Forgotten your password?', and 'New user? Register for free'.

Below this, there is a section 'How does the Benchmark Centre work?' with a 'Structured questionnaire' section. This section includes a grid of 12 items, each with a status indicator (e.g., 'There is an organisation-wide e-learning strategy', 'Our e-learning strategy allows for changing business priorities', 'Our vision is endorsed by Business Leaders', 'Our Learning and Development activity has a clear statement of values').

The next section is 'Personalised report', which displays 'Your TM index is 75.18'. It includes a 'How do you compare?' table and a bar chart. The table shows the following data:

	Average	TM Benchmark	Your score
TM Index	34.6	11.5	75.18

The bar chart compares 'Your Score' (75.18), 'Average Rating' (34.6), and 'TM Benchmark' (11.5) on a scale of 0 to 9. Below the chart, there are 'Recommendations, resources and action planning' for premium users, including a 'Strategy Alignment' section with a dropdown menu set to 'General', a 'Consent your vision to a strategy' checkbox, and a 'Save' button.

The Towards Maturity Benchmark Centre is an online self service benchmarking tool that helps organisations get better results, faster from their investment in learning technologies.

Our Benchmark Centre helps you to compare your results and implementation practices with those that are delivering the best results so that you can learn from their experience.
